Re: Support for Safer Illinois Work

Dear Mr. Belden and Mr. Lacy,

On behalf of the Mission Bay Citizens Advisory Committee, I offer our support for the Safer Illinois Street project and its continued work in planning for a high-quality, protected and separated bikeway on Illinois Street.

We understand that Illinois Street represents a commute route for people on bikes, scooters, and other micro-mobility devices and provides access to some of the east side's most important parks and recreational facilities. According to the U.S. Census, 31% of households surrounding Illinois Street do not own a car. By making Illinois safer for people outside of vehicles, more of our neighbors will walk, bike, and scoot to work and play, making the neighborhood healthier and safer for all.

Sincerely,

Sarah Davis  
Mission Bay Citizens Advisory Committee Chair
